Examiner's Statement of Reasons for Allowance

1. Claims 1-9 are allowed.
2. The following is an examiner's statement of reasons for allowance: the claimed invention is directed to an operations panel having operations blocks for remotely controlling an electronic apparatus via a display operation block. Independent claim 1 identifies at least the uniquely distinct feature, “a display control unit that causes the display unit to show the selection items corresponding to the operations blocks together with the display selection item when the display operations block is removed from the main body” in lines 17-22.

The closest prior art, Takamatsu (JP 2004-021155; see the attached English translation) discloses a related operations panel (20; see Figs. 1, 2) comprising a plurality of operations blocks (31, 33; Fig. 2) that are attached to a main body (10; Fig. 1) of an electronic apparatus (image forming apparatus 1; Fig. 1) and are used for selecting selection items corresponding to operational functions of the electronic apparatus; a selection information output unit (24; Fig. 1) that outputs a selection information item indicating the selection item selected in the operations block (see paragraph [0037]); a display operations block (21; Figs. 1-2) that is removably attachable to the main body (1) (see Abstract), including a display unit (a LCD; Fig. 1) that shows display selection items used for selecting the operational functions (see paragraph [0033]-[0034]), an inherent selection detecting unit that detects the selected display selection item shown by the display unit (see paragraph [0033]-[0034]), and an inherent display control unit for driving the LCD to display information (see paragraph [0033]-[0034]); and a selection information retrieving unit (23; Fig. 1) that retrieves, as the selection information item, a selection result detected by the selection detecting unit of the display operations block removed

Art Unit: 2629

from the main body; wherein the selection information output unit (24) outputs the selection information item retrieved by the selection information retrieving unit to the electronic apparatus (see paragraph [0034]). However, the Takamatsu reference, either singularly or in combination, fails to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jimmy H. Nguyen whose telephone number is 571-272-7675.
